

Grand Prairie Wellness Center Receives \$35,000 Grant from the Communities Foundation of Texas

The Grand Prairie Wellness Center helped celebrate a milestone on May 6, 2009 when one important benefactor, Communities Foundation of Texas, celebrated surpassing \$1 Billion in gifts to non-profit organizations and charities over the past 56 years.

During ceremonies at their office in Dallas, GPWC was awarded \$35,000 towards the Family Medical Clinic as part of Communities Foundation of Texas distribution of grants to 27 different non-profits in the area.

(Shown above) Jody Grant, Chairman of the CFT Board of Trustees, and Brent Christopher, CFT President and CEO, presented the check to Tencha Rodriguez, Executive Director of the Grand Prairie Wellness Center. The GPWC recently experienced a 40% increase in patient load. These will help serve low-income patients who could not otherwise afford medical treatment.
