

Wish List 2009 Grand Prairie Wellness Center

Dear Friends:

We are thankful for all the many gifts we receive throughout the year. Through the generosity of our donors, the Grand Prairie Wellness Center provided free medical and low-cost dental services to over 22,000 patients with a total of \$1.8 Million in medical value since we opened in 2001.

There is still so much to do, and we need your help desperately to continue these services to low-income families, most with family income at or below the 125% federal poverty guidelines. The Center serves an average of 400 patients per months--many children, adults and elderly citizens who might not otherwise receive critical medical and dental attention because of financial or transportation issues.

This year we've all taken a hard hit with the economy, but **please consider our needs and respond generously to help us help those in greatest need. Your charitable gift is tax deductible.** Please see our website for additional details about the center and those we serve--www.gpwellnesscenter.org-- or we'd be happy to give you a tour of our facilities. Call Tencha Rodriguez at (972) 266-9123.

-- Chuck Poffenbarger, Board President
